

# You're the Shepherd

Words and music by Laura Hall ©2006

Sometimes life gets complicated  
Sometimes I lose my way  
Sometimes everything seems out of control  
And all I can do is pray  
That tomorrow will be a better day

## CHORUS

Cause you're the shepherd who gathers up the sheep  
And I'm that little lost lamb  
But you will find me, and bring me to the fold  
And take me just as I am

I have wandered through the desert  
I have tasted the gritty sand  
When I feared I was hopelessly lost  
You came and took me by the hand  
And led me to the promised land

## CHORUS (x2)
